ACADIA 2013

ADAPTIVE ARCHITECTURE

Waterloo / Buffalo / Nottingham

The 33rd Annual International Conference of the Association for Computer Aided Design in Architecture

REGISTRATION NOW OPEN: http://2013.acadia.org/register

Conference: Thursday October 24 - Saturday October 26, 2013
Workshops: Saturday October 19 - Sunday October 27
Conference Location: Cambridge, Ontario

ADAPTIVE ARCHITECTURE focuses on computational design of environmentally responsive, intelligent, interactive, and reconfigurable architecture. Research papers and exhibitions cover subjects including distributed interactive systems, complex and generative systems, and performance implications of sustainable architecture.

Keynote Speakers

Michelle Addington, Yale School of Architecture
Cristiano Ceccato, Zaha Hadid Architects
Stephen Gage, The Bartlett School of Architecture, UCL
